

Maltepe

LET'S GET TO KNOW EACH OTHER

JCI MALTEPE OVERVIEW

ABOUT US

JCI Maltepe is one of the local organizations of Junior Chamber International Türkiye (JCI Türkiye), an international youth organisation and was established in 2011. This association, which operates in Maltepe district of Istanbul City, aims to improve the personal development of young leaders and their ability to serve the society.

SENATORS

3 SENATORS

We have 3 senators who support us with their success and vision.

We are fortunate to have 3 senators who contribute to our welfare through their accomplishments and dedication.

SOME EVENTS

ISTANBUL HANDOVER SUMMIT

As JCI Maltepe, we held an excellent handover ceremony with our other local organizations.

SOME EVENTS

IPA-JCI: PRE-INCUBATION PROGRAM EVENT

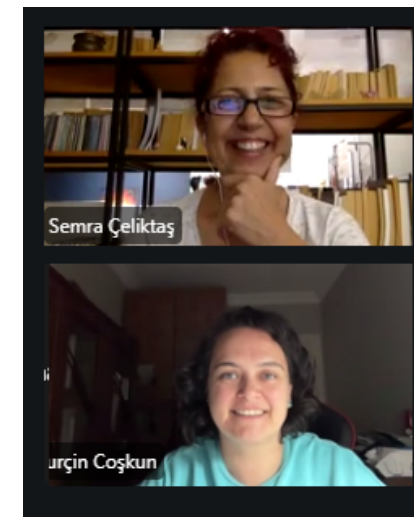

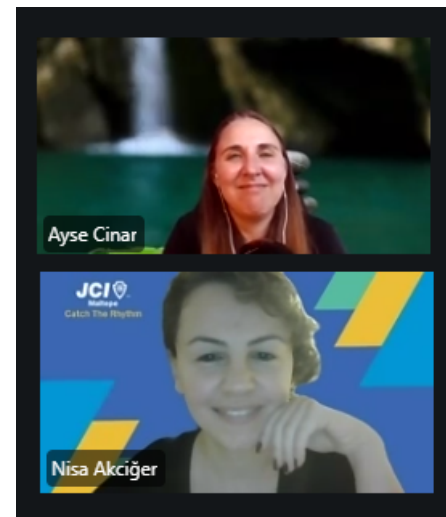

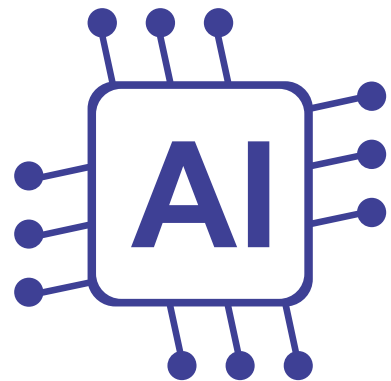

This exciting pre-incubation program, in which Istanbul Planning Agency (IPA) and JCI joined forces, offered a special opportunity to entrepreneurs. We designed the program for those who want to build a bright future with new business ideas. In addition, one of our main goals was to train entrepreneurs for **CYE** and increase the effectiveness of **CYE**.

SOME EVENTS

THE LEADERSHIP DOOR OF THE FUTURE

With this event, we explored the revolutionary potential of artificial intelligence on your leadership skills and personal health; We understood the decisive role of artificial intelligence in leadership and decision-making processes and experienced together the miracles of Generative Artificial Intelligence (GEN-AI), especially ChatGPT. In our experience, **Dr. Ayse Basak Cinar** led us. Participants met every week and the training lasted 3 months.

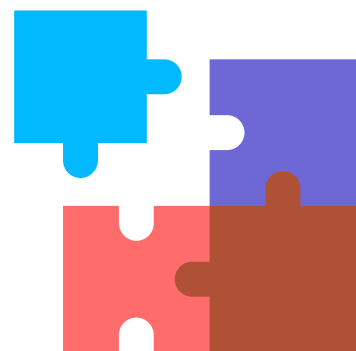

SOME EVENTS

JCI MALTEPE BOOK CLUB

JCI Maltepe Book Club is a community for everyone who comes together with the desire to read passionately and share. We come together to discover books, exchange ideas and have a rich reading experience.

FORMER ACTIVITIES & PROJECTS

SOCIAL GARDEN

To contribute to the development of children by drawing their attention by making our traditional street games in schools so that mobile games do not only take children away from the virtual world, but actually make them more social individuals, better communicators and team members.

FORMER ACTIVITIES & PROJECTS

QUALITY LIFE ACADEMY

According to the Quality Life Academy project, it is to contribute to society with quality individuals in every field. This project can be done in various contents. For example, how to write a quality CV, English practice development, dialogue network workshops, outdoor activities with dietitians and sports coaches and useful information training from them...

FORMER ACTIVITIES & PROJECTS

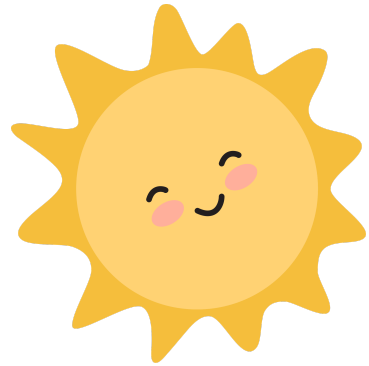

DEBATE COMPETITION EVENT

Debating and public speaking competitions, which are indispensable events in the JCI world, offer individuals the opportunity to improve themselves in their self-confidence and general knowledge. Government and opposition teams are formed on various topics and the teams debate with each other on the selected topic.

FORMER ACTIVITIES & PROJECTS

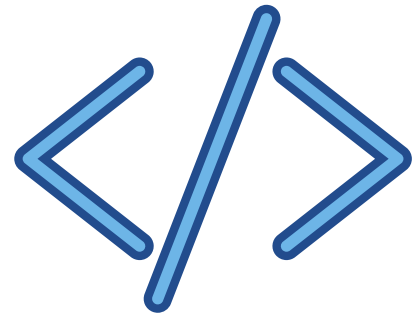

JCI WEEKEND PLUS

We can think of JCI as a weekend camp event that improves society in both the business world and social fields. It is organized with different contents every year. Workshops are organized, each with valuable educators. In this way, it is possible to discover and analyze the person's abilities.

FORMER ACTIVITIES & PROJECTS

LEARNING BY CODING

To provide and support quality education through vocational and technical education programs to children aged 8-12 who want to learn computer coding. Using 21st century skills enables them to gain a competitive advantage throughout their lives.
